Important Information on Delivery Within the EU

Within the EU, we do not supply this front protection bar for normal new installation or retrofitting. Delivery within the EU is made exclusively in cases of a proven replacement requirement prior to delivery, e.g. as a replacement for a front protection bar that was previously fitted to the vehicle and damaged in an accident.

Outside the EU, this article is intended for new sale worldwide, subject to the applicable national regulations. EC certificate in accordance with Directive 2005/66/EC.

✔✔

Worldwide Including the EU

Worldwide delivery including the EU. Where required, the article is supplied with German TUEV parts approval according to § 19 (3) StVZO, ABE or EC certificate according to Regulation (EC) No 78/2009.

**

Multi-Brand Article

This article is suitable for several vehicle brands and may therefore appear in several manufacturer sections. The stated stock quantity is identical in each case and is counted only once for a complete purchase / total quantity.

Audi A3 (2003–2013): Chrome Mirror Covers (Pair)

AUDI

Article Number: AUDI1000

Give your Audi A3 (2003–2013) a sleek, brilliant look with these high-quality chrome mirror covers. The covers are made from durable material and are designed to fit the vehicle's exterior mirrors precisely. Installation is straightforward and creates a stylish finish.

✔ Fits: Audi A3 (2003–2013)
✔ Colour: Chrome
✔ Scope of delivery: 1 pair of mirror covers
✔ Easy installation
✔ High-quality workmanship
⚠ Note: Installation using self-adhesive 3M tape or bodywork adhesive (tube)
An installation adhesive may be included with the product, but it is not part of the guaranteed scope of delivery. Due to the long storage period, the adhesive may no longer function properly or may have limited effectiveness. In this case, please obtain a suitable bodywork adhesive yourself (e.g. Elch Pro P1 1K bodywork adhesive).
A replacement installation adhesive is not included in this offer and will not be supplied by us.

Chevrolet Orlando 2011–2018: COBRA CityGuard / Chrome Front Protection Bar

CHEVROLET

Article Number: GM1205

Made in Germany
Give your Chevrolet Orlando 2011–2018 a robust and distinctive front-end appearance with the COBRA CityGuard. The High-Gloss Chrome-Plated Stainless Steel finish provides an elegant appearance together with excellent durability. The 48 mm tubes create a strong, distinctive look. The set is supplied ready for installation with the Mounting Kit included.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
Product details:
✔ Fits: Chevrolet Orlando 2011–2018
✔ Material: High-Gloss Chrome-Plated Stainless Steel – durable with a brilliant finish
✔ Tube diameter: 48 mm – strong, distinctive appearance
✔ Mounting Kit included – for quick and easy installation
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Article Number: DAC1007

Made in Germany
Give your Dacia Logan (2009–2020) a distinctive appearance together with added side protection and functionality with COBRA Side Protection Bars. The integrated steps make entry and exit easier, while the Ø 60 mm High-Gloss Chrome-Plated Stainless Steel tubes provide a premium, robust appearance.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ Fits: Dacia Logan 2009–2020
✔ With integrated steps – makes access easier
✔ Material: High-Gloss Chrome-Plated Stainless Steel – weather-resistant & easy to maintain
✔ Tube diameter: 60 mm – robust construction for effective side protection
✔ Mounting Kit included – easy and secure installation
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Ford Kuga 2008–2013: COBRA Chrome Side Protection Bars with Steps

FORD

Article Number: FORD1041

Made in Germany
COBRA Side Protection Bars for the Ford Kuga 2008–2013 combine protection, functionality and stylish design. The 80 mm High-Gloss Chrome-Plated Stainless Steel tubes give the vehicle a distinctive appearance, while the integrated steps provide comfortable entry and exit. The robust construction also provides additional side protection for everyday use.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ Fits: Ford Kuga 2008–2013
✔ Material: High-Gloss Chrome-Plated Stainless Steel – elegant and durable
✔ Tube diameter: 80 mm – particularly robust construction
✔ With integrated steps – makes entry and exit easier
✔ Mounting Kit included – easy and secure installation
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Stock: 1 pcs | **Carton:** 1850 × 270 × 220 mm

Article Number: HON1067

Made in Germany
Give your Honda CR-V M/C (2005-2007) a sporty and distinctive front-end appearance with the high-quality COBRA Chrome Bumper Grille. The Ø 15 mm High-Gloss Chrome-Plated Stainless Steel tubes create an elegant yet dynamic look that highlights the front of the vehicle.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ High-Gloss Chrome-Plated Stainless Steel tubes Ø 15 mm – robust and durable with a brilliant finish
✔ Precision fit – developed specifically for Honda CR-V M/C 2005–2007
✔ Easy installation – complete Mounting Kit included for quick and straightforward fitting
✔ Durable & robust – gives your vehicle a premium yet rugged front-end appearance
Ideal for giving your Honda CR-V an individual, sporty front-end appearance with minimal effort.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Hyundai Santa Fe 2006–2009: COBRA CityProtection Upper Rear Bumper Corners

HYUNDAI

Article Number: HYU1283

Made in Germany

COBRA CityProtection upper CPL rear corners provide a stylish and effective way to help protect the rear bumper of your Hyundai Santa Fe (2006–2009) against scratches and light impacts. Made from High-Gloss Chrome-Plated Stainless Steel, these precision-fitting components add both protection and a premium appearance.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

- ✔ Fits: Hyundai Santa Fe 2006–2009
- ✔ Material: High-Gloss Chrome-Plated Stainless Steel
- ✔ Mounting position: Upper CPL rear corners – for added protection and sporty styling
- ✔ Mounting Kit included – for quick and easy installation
- ✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Hyundai Santa Fe 2009–2012: COBRA Chrome Mirror Covers (B-Grade)

HYUNDAI

Article Number: HYU1286

Give your Hyundai Santa Fe (2009–2012) an elegant, brilliant appearance with COBRA Chrome Mirror Covers. The covers require minor adjustment of the mirrors before installation to achieve the correct fit.

- ✔ Fits: Hyundai Santa Fe 2009–2012
- ✔ Colour: Chrome
- ✔ Scope of delivery: 1 pair of mirror covers
- ✔ Note: The mirrors require modification for the covers to fit (B-grade)
- ✔ Easy installation after adjustment
- ⚠ Note: Installation using self-adhesive 3M tape or bodywork adhesive (tube)

An installation adhesive may be included with the product, but it is not part of the guaranteed scope of delivery. Due to the long storage period, the adhesive may no longer function properly or may have limited effectiveness. In this case, please obtain a suitable bodywork adhesive yourself (e.g. Elch Pro P1 1K bodywork adhesive).
A replacement installation adhesive is not included in this offer and will not be supplied by us.
This is B-grade stock because the mirror covers do not fit perfectly. Please note that B-grade stock is excluded from exchange.

Hyundai H1 / Starex / Grand Starex from 2008: COBRA Chrome Rear Bar

HYUNDAI

Article Number: HYU1363

Made in Germany
Give your Hyundai H1 / Starex / Grand Starex from 2008 a high-quality, precision-fitting and distinctive upgrade with the COBRA Rear Bar. The High-Gloss Chrome-Plated Stainless Steel finish adds a particularly brilliant accent.
✔ Fits: Hyundai H1 / Starex / Grand Starex from 2008
✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel – durable with a brilliant finish
✔ Tube diameter: 60 mm
✔ Mounting Kit included – for easy installation
• Attention: Not suitable in combination with a towbar
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Jeep Grand Cherokee 2005–2011: Chrome Mirror Covers (Pair) **

CHRYSLER / JEEP

Article Number: CHR1060

Give your Jeep Grand Cherokee (2005–2011) a brilliant look with these high-quality COBRA chrome mirror covers. The chrome covers are made from durable material and are designed to fit the vehicle's exterior mirrors precisely. Installation is straightforward and creates a stylish finish.

✔ Fits: Jeep Grand Cherokee 2005–2011
✔ Colour: Chrome
✔ Scope of delivery: 1 pair of mirror covers
✔ Easy installation
✔ High-quality workmanship
⚠ Note: Installation using self-adhesive 3M tape or bodywork adhesive (tube)
An installation adhesive may be included with the product, but it is not part of the guaranteed scope of delivery. Due to the long storage period, the adhesive may no longer function properly or may have limited effectiveness. In this case, please obtain a suitable bodywork adhesive yourself (e.g. Elch Pro P1 1K bodywork adhesive).
A replacement installation adhesive is not included in this offer and will not be supplied by us.

Jeep Grand Cherokee Summit 2014–2018: COBRA Chrome Side Protection Bars

JEEP

Article Number: CHR1277

Made in Germany
Give your Jeep Grand Cherokee Summit (2014–2018) a distinctive appearance and added functionality with COBRA Side Protection Bars. The High-Gloss Chrome-Plated Stainless Steel finish is durable and brilliant. The 80 mm tubes and integrated step provide convenient access while helping protect the lower vehicle area from knocks and scratches.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ Fits: Jeep Grand Cherokee Summit 2014–2018
✔ Material: High-Gloss Chrome-Plated Stainless Steel – durable with a brilliant finish
✔ Tube diameter: 80 mm – strong, distinctive appearance
✔ With integrated step – for safe and comfortable access
✔ Mounting Kit included – for quick and easy installation
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Kia Carnival since 2006: COBRA Chrome Front Protection Bar

KIA

Article Number: KIA1131EC

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
Kia Carnival since 2006: COBRA Chrome Front Protection Bar
✔ Ø 60 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ EC Type Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.

Kia Sorento from 2010: COBRA Chrome Mirror Covers

KIA

Article Number: KIA1293

Give your Kia Sorento from 2010 a premium chrome-look upgrade with COBRA Mirror Covers. These covers are designed specifically for vehicles with indicators integrated into the exterior mirrors and provide a high-quality visual enhancement.

✔ Fits: Kia Sorento from 2010 (with indicator in the mirror)
✔ Colour: Chrome
✔ Scope of delivery: 1 pair of mirror covers
✔ Easy installation
✔ High-quality finish
⚠ Note: Installation using self-adhesive 3M tape or bodywork adhesive (tube)

An installation adhesive may be included with the product, but it is not part of the guaranteed scope of delivery. Due to the long storage period, the adhesive may no longer function properly or may have limited effectiveness. In this case, please obtain a suitable bodywork adhesive yourself (e.g. Elch Pro P1 1K bodywork adhesive).
A replacement installation adhesive is not included in this offer and will not be supplied by us.

Article Number: KIA1305

Made in Germany

Give your Kia Sportage 2016–2021 a modern and robust appearance with COBRA Side Protection Bars. The 80 mm High-Gloss Chrome-Plated Stainless Steel tubes combine premium styling and durability, while the integrated step makes access to the vehicle easier.

✔ Fits: Kia Sportage 2016–2021
✔ Material: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 80 mm
✔ With integrated step – for safe and comfortable access
✔ Mounting Kit included – for quick and easy installation

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Mazda CX-7 (2007-2012): COBRA Chrome Front Protection Bar

MAZDA

Article Number: MAZ1071EC

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
Mazda CX-7 (2007-2012): COBRA Chrome Front Protection Bar
✔ Ø 60 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ EC Type Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.

Mercedes X-Class 2017–2020, Nissan Navara from 2005, Renault Alaskan: COBRA Chrome Sports Bar **

MERCEDES-BENZ / NISSAN / RENAULT

Article Number: NIS1771

Original accessory part from overproduction: Nissan OEM: 999CO-01771

Made in Germany
COBRA Chrome Sports Bar for Nissan Navara D40 / D23 King Cab and Double Cab from 2005, Renault Alaskan from 2017 and Mercedes X-Class Double Cab from 2017.
✔ Article no. NIS1771
✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 60 mm
✔ Mounting Kit included
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Mitsubishi Pajero Sport since 2000: COBRA Chrome Front Protection Bar

MITSUBISHI

Article Number: M1081

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
Mitsubishi Pajero Sport since 2000: COBRA Chrome Front Protection Bar
✔ Ø 60 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ TUEV Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.

in EU only for replacement: Mitsubishi Outlander (2003-2007): COBRA Front Protection Bar

MITSUBISHI

Article Number: MIT1251

Important information regarding delivery within the EU
Delivery of this front protection bar is generally only possible to countries outside the EU.
Delivery within the EU is only possible as a like-for-like replacement if this exact type of front protection bar was previously fitted to the vehicle and duly approved or registered.
Before dispatch, this must be proven to us by providing a copy of the vehicle registration document showing the corresponding approval/registration. Without such proof, delivery within the EU is not possible.

Mitsubishi Pajero V80 from 2007 | Short Wheelbase: COBRA Chrome Side Protection Bars with Steps

MITSUBISHI

Article Number: MIT1383

Made in Germany

Give your short-wheelbase Mitsubishi Pajero V80 from 2007 a premium and robust appearance with COBRA Side Protection Bars. The 80 mm High-Gloss Chrome-Plated Stainless Steel tubes combine distinctive styling with side protection, while the integrated steps make access easier. Also suitable for model year 2015.

✔ Material: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 80 mm
✔ Integrated steps – for comfortable access
✔ Mounting Kit included
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Nissan Patrol Y61 1997–07/2003 | Long Wheelbase: COBRA Chrome Running Board Surrounds

NISSAN

Article Number: NIS09909ES

Made in Germany
COBRA Running Board Surrounds for Nissan Patrol Y61, long wheelbase.
✔ Tube diameter: 42 mm
✔ High-Gloss Chrome-Plated Stainless Steel
✔ Original Nissan product from overproduction, part no. KE543-VB520
✔ Mounting Kit included
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

Nissan X-Trail T31 2010–2013: COBRA Chrome Bumper Grille

NISSAN

Article Number: NIS1693

Made in Germany
Give your Nissan X-Trail T31 2010–2013 a stylish and robust front-end upgrade with the COBRA Chrome Bumper Grille.
✔ Fits: Nissan X-Trail T31 2010–2013
✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Mounting Kit included
✔ Durable, high-quality construction
✔ Straightforward installation without extensive modifications
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Nissan X-Trail T32 2018–2022: COBRA Chrome Front Protection Bar

NISSAN

Article Number: NIS1901EC

Made in Germany
Give your Nissan X-Trail T32 2018–2022 a robust and distinctive front-end appearance with the COBRA Front Protection Bar.
✔ Fits: Nissan X-Trail T32 2018–2022
✔ Material: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 60 mm
✔ Mounting Kit included
Important:
 Not suitable for vehicles with a front camera.
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ EC Type Approval – no separate inspection or registration entry is required under the applicable approval; please refer to the document available here.

Stock: 9 pcs | **Carton:** 1000 × 690 × 260 mm

Opel Mokka 2012–2016, Mokka X 2016–2019 & Chevrolet Trax 2013–2022: COBRA Chrome Side Protection Bars with Steps **

CHEVROLET / OPEL

Article Number: OPEL1047

Made in Germany
COBRA Chrome Side Protection Bars with Steps (1 set) for Opel Mokka 2012–2016, Mokka X 2016–2019 and Chevrolet Trax 2013–2022.
✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 80 mm
✔ Integrated steps
✔ Mounting Kit included
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Original accessory part from overproduction: Nissan OEM: 999CO-01771
Made in Germany
COBRA Chrome Sports Bar for Nissan Navara D40 / D23 King Cab and Double Cab from 2005, Renault Alaskan from 2017 and Mercedes X-Class Double Cab from 2017.
✔ Article no. NIS1771
✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Tube diameter: 60 mm
✔ Mounting Kit included
Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.
✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Integrated steps
✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

Toyota RAV4 2006–2009: COBRA Chrome Bumper Grille

TOYOTA

Article Number: TOY1355

Made in Germany

COBRA Chrome Bumper Grille for Toyota RAV4 2006–2009.

✔ Article no. TOY1355
✔ 15 mm tubes
✔ Material/finish: High-Gloss Chrome-Plated Stainless Steel
✔ Mounting Kit included

Exclusive COBRA surface finish: COBRA's High-Gloss Chrome-Plated Stainless Steel is first polished to a high gloss and then finished with a high-quality high-gloss chrome plating. This elaborate finish creates an exceptionally brilliant, premium shine and distinguishes COBRA products from those made of merely polished stainless steel. Chrome has a characteristically slightly cooler tone, whereas polished stainless steel appears marginally warmer by direct comparison.

✔ German TUEV Certificate – in Germany, approval of the installation under Section 19(3) StVZO is generally sufficient without a separate registration entry; please refer to the certificate available here for the applicable requirements.

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
Toyota Urban Cruiser (2009-2014): COBRA Chrome Front Protection Bar
✔ Ø 48 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ EC Type Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.

VW Touareg 2007–2010: COBRA Chrome Mirror Covers

VOLKSWAGEN

Article Number: VW1038

Give your VW Touareg 2007–2010 a stylish, modern appearance with COBRA Chrome Mirror Covers. The covers are made from durable ABS with a high-gloss chrome finish and are bonded onto the existing original mirror housings.
✔ Material: durable ABS
✔ Finish: high-gloss chrome
✔ Weather-resistant and suitable for normal car-wash use
Important: The adhesive is not part of the guaranteed scope of supply. Due to the long storage period, its bonding performance may be reduced. In this case, we recommend obtaining a suitable automotive body adhesive, for example Elch Pro P1 1K. Replacement adhesive is not included in this offer.

VW Tiguan Track & Field (2007-2016): COBRA Chrome Front Protection Bar

VOLKSWAGEN

Article Number: VW1271EC

⚠ Important information for deliveries within the EU:
This Front Protection Bar is not supplied by us within the EU for normal new or retrofit installation. Delivery within the EU is made exclusively where a replacement requirement has been demonstrated prior to dispatch, e.g. as a replacement for a Front Protection Bar that was previously fitted to the vehicle and damaged in an accident.
Outside the EU, this product is also intended for new sales worldwide, subject to the applicable national regulations.
VW Tiguan Track & Field (2007-2016): COBRA Chrome Front Protection Bar
✔ Ø 60 mm tube
✔ Stainless steel, mirror-chrome-plated
✔ Including installation material
✔ EC Type Approval
Exclusive COBRA surface finish: COBRA's glossy stainless-steel products are not only polished to a mirror finish, but are then additionally mirror-chrome-plated to a high standard. This elaborate finish creates an especially brilliant, premium shine and distinguishes COBRA from products made of merely polished stainless steel. Chrome has a characteristically slightly cooler colour tone, while polished stainless steel appears slightly warmer in direct comparison.
